

KIITOS LLC

Federal technical delivery, product sourcing, and program support
Kiitos maps each acquisition to exact work products, verified sources, executable terms, and acceptance evidence.

CAPABILITY STATEMENT

SAINT LOUIS, MISSOURI

CORE COMPETENCIES

Technical Delivery

Custom application development; API and data integration; cloud and DevOps modernization; monitoring, release support, and incident-ready operations.

Product and Equipment Sourcing

Exact-part and equivalent research; manufacturer and distributor validation; delivered-cost, lead-time, warranty, origin, and solicitation-specific supply checks.

Program and Integration Support

Requirements and interface definition; automated test and release evidence; operator runbooks; partner, vendor, and delivery coordination.

COMMERCIAL DELIVERY RECORD

LOGISTICS OPERATIONS / 2023--2025

Real-time decision-support operations

AWS-hosted application operations, multi-source API support, monitoring and alerting, coordinated releases, incident response, and root-cause documentation.

B2B SAAS / 2022--2023

Multi-tenant application support

Production monitoring, user-support workflows, incident documentation, application maintenance, and database operations.

DATA INTEGRATION / 2020--2021

External-feed normalization and validation

Real-time integration development, data normalization, automated validation, and monitoring for up-stream schema and endpoint changes.

Commercial references available upon request.

WHY KIITOS

- / **Evidence before commitment.** Technical fit, source, schedule, cost, and acceptance obligations are resolved before Kiitos promises delivery.
- / **Concrete operating artifacts.** Interface specifications, contract tests, release evidence, runbooks, conformance matrices, and delivery records replace generic assurances.
- / **Transparent experience mapping.** Commercial delivery evidence remains in its original context and is never presented as Government past performance.
- / **Direct accountability.** A small-business operating model keeps requirement, execution, and issue ownership close to the work.

FEDERAL VENDOR RECORD

ENTITY	KIITOS LLC
UEI	PDG9JME9FWL3
CAGE	17XB1
BUSINESS SIZE	Small Business
PRIMARY NAICS	541511
ADDITIONAL NAICS	541512 / 541690
SOCIOECONOMIC	None claimed
VEHICLES	None held

DELIVERY PROFILE

Self-performed work

Software engineering, integration, cloud operations, application support, and program artifacts.

Third-party supply

Products and equipment only after source, conformance, delivery, warranty, and commercial terms are verified.

Operating boundary

No unsupported certification, authorization, past-performance, origin, warranty, or delivery claim.
